Dr. George H. Schofield has a special interest in how a fine 50-year-old becomes a fabulous 85-year-old in our turbulent and unpredictable New Normal. As a speaker/author/advisor and psychologist, he has developed important platforms and content from which After-50 Individuals/Couples, Professional Advisors, and Business Leaders can adapt and succeed in the face of increased longevity, discontinuous change in education/the workplace/healthcare, the impossibility of long-term planning, and the greatly reduced shelf/marketability life of knowledge and experience. His new book is *How Do I Get There from Here? Planning for Retirement When the Old Rules No Longer Apply*.
